

CO-CURRICULAR AND EXTRA-CURRICULAR ACTIVITIES

Silver Line encourages each child to participate in all the activities held in school to enable him/her to develop a holistic personality with enhancement of leadership skills, life skills, social interaction, time management skills, self-confidence building and team work.

The school activity calendar is a judiciously planned mix of literary, cultural and sports events. Students are encouraged to participate in a variety of competitions and cultural events. In addition to calendar events, special school assemblies are organised to mark important calendar events, festivals and national occasions to familiarise the students with Indian culture and traditions. Special emphasis is given to the participation of girls in outdoor and sports activities.

The students opt for one of the following clubs to suit their aptitude and enhance their skills further.

- Science Club : Exhibits & Displays
- Theatre Club : Role Plays & Skits
- Music Club : Vocal and Orchestra
- Dance Club : Various dance forms
- Literary Club : Recitation & Speaking
- Interact Club : Community Services
- Eco Club : Sustainable Development
- Photography Club : Photography Skills

Silverline Prestige School Interact Club is a service organization, sponsored by the Rotary Club of Ghaziabad Central. It gives an opportunity to students of Classes IX-XII to discover the power of 'Service above Self' by participating in meaningful service projects, developing their leadership skills and making new friends around the world.

SPORTS

At SLPS, sports are integral to our education approach.

- Special training and instruction is provided to the students in the sports like Athletics, Basketball, Netball, Yoga, Archery, Chess, Skating, Football, Volleyball and Badminton.
- Workshops are organised by the experts in various sports for students. Children from other schools are also invited to participate.
- Selected promising sports talents are given specialised coaching beyond school hours.
- Students are provided with opportunities to participate in various sports events at Inter school, District, State & International level.
- We also follow a thoughtfully structured Sports Calendar which includes regular sports activities throughout the year, so as to foster teamwork through healthy competition.
- Surprise friendly matches at class level are organized and winners are rewarded.
- Annual Sports Day is celebrated where the students excelling in sports are rewarded with trophies and medals.

- On the basis of points secured, Sports Girl and Sports Boy are selected every year and are honoured with medals and prizes.
- Recreational activities like parachute dome, hoop pass through race, and basketball add joy to our sports program.

Scout & Guide:

Scouting aims at contributing to the education of young people, through a value system based on the Scout Promise. The motto of ‘Scouts and Guides’ (for children ages 10-18) is ‘Taiyyar’ (Be prepared).

SCHOOL FACILITIES

- a) **CLASSROOM-** Every classroom is technology- enabled equipped with interactive flat panels. The device is complete with a camera installed on top of it. The IFPDs in all smart class rooms are connected to a dedicated server which allows teachers to use a large repository of curriculum based digital content in order to create a multi-sensory learning experience for the students. Classrooms are fitted with AC, heaters & CCTV to provide comfort to the students and all time vigilance too.
- b) **SECURITY-** Silverline Prestige School has taken necessary permission from local authorities for infra and development barricades and sign boards are installed for the smooth movement of school transport.
 - Water storage is properly taken care of. We provide helpers in the kindergarten for the ease of students.
 - Monitoring through approximately 300 CCTVs helps to keep a constant check on all the activities going on in school.
 - Adequate precautions are taken with regard to the movement of children inside and outside the campus.
 - When the child is leaving the school premises, we follow the proper protocol by providing them the outpass which is cross checked at various levels.
- c) **TRANSPORT-** SLPS has its own fleet of well maintained buses for the safe transportation of students in all parts of the city and nearby areas. Buses are fitted with GPS, camera and speed governors. The parents have the facility to track the live location of their ward.
- d) **LIBRARY-** The SLPS library is more than a repository; it's a vital support system and inspiration hub. It offers a diverse range of books to foster knowledge acquisition and encourage exploration, enhancing the educational experience for students and educators. The students can immerse themselves in animal tales, seasonal wonders, vegetable delights, captivating poems, imaginative fiction, and enchanting fairy tales and folklore within its extensive collection.
- e) **AUDITORIUM-** SLPS has 3 centrally air-conditioned auditorium-cum-multipurpose halls with a seating capacity of around 600 people. The auditoriums are equipped with the latest lighting & audio visual system.

f) LABS

The Senior Secondary Branch is well equipped with state-of the art laboratories- Science labs for Biology, Chemistry, Physics; Integrated lab; Computer lab, Maths lab & Language lab.

g) Virtual Desktop Infrastructure

Students at SLPS need to access computer applications that require high computing capability. SLPS has installed 'Virtual Desktop Infrastructure' to allow our students to remotely access the computing power from their home and wi-fi network at school. Since heavy computing happens on VDI in school, students only need a basic computer that supports a browser. This way parents are not required to invest in expensive computers for their wards to work on heavy applications such as Blender, Unity, etc.

h) Wireless Internet Connectivity

Pedagogy at SLPS relies heavily on use of technology in classrooms. SLPS prides itself in being recognised as a 'Google Reference School'- one of the only few in the country. Teachers use the Chrome ebooks to manage academics and deliver learning outcomes and students use industry grade tools such as Blender & Unity for 3D modelling; **the WiFi network with 155 MBPS of dedicated leased line provides a seamless connectivity & and lag free experience to more than 700 concurrent users on our network.** The network is secure with dedicated firewalls and protective infrastructure.

GOOGLE REFERENCE SCHOOL

The Google for Education Reference School program recognizes schools that provide students, teachers and administrators access to Google Workspace for Education and managed Chromebooks.

We are recognized due to our exemplary, impactful uses of Google's technology across the organisation as well as across schools. We are focused on professional development to foster innovative learning environments, ensuring that the staff is equipped with the skills required to use technology effectively in a blended learning environment. As GRS we keep organising events which make educators technologically sound and implement technology in classroom routines.

EDUCATIONAL VISITS

The school plans various educational visits to museums, monuments and book fairs to provide an enhanced learning environment to the learners by blending fun and learning. The picnics and excursions create a relaxed atmosphere for the students and staff so that they can bond at an informal platform.

PROJECT BASED LEARNING

The PBL is a multi-disciplinary approach that provides a platform to the students to showcase their learning through experimentation and various other activities. The students present their projects and models in a much-awaited exhibition-SIDDHI.

INFIRMARY

School has a fully equipped infirmary with first aid facilities. We have a full-time nurse and a visiting doctor who takes care of the day to day emergencies. In case of emergency, children are referred to nearby hospitals.

VISUAL & PERFORMING ARTS-

At SLPS, we believe in the transformative power of art as a celebration of life. Our students delve into Visual and Performing Arts from an early age, engaging in Fine Arts, Theatre, Dance, and Music. This holistic approach not only hones skills in vocal and instrumental music, dance, and drama but also seamlessly integrates art into subjects like mathematics and literature. We foster creativity and joy through drawing festivals, creating a dynamic and enriching educational experience. The visual and performing arts play a crucial role in fostering well-rounded individuals who are not only academically proficient but also creative, culturally aware, and equipped with essential life skills.

SCHOOL BAND-

At Silverline, it has always been our endeavour to stay ahead of time. In 2012 the school Bagpipe Band was formed which happened to be the first school band in the city. SLPS has won prizes in many competitions, and secured 1st position at District level competition (2018) and in Inter school Band competition (2022). Our Band has also the honour of performing at the National War memorial and at many national and state events.

The availability of musical facilities in the primary wing demonstrates a forward-thinking approach to education, encouraging students to explore diverse interests. The rhythmic beats of drums resonate through the halls, adding a vibrant touch to school events. The accessibility of such facilities allow students to discover and develop their musical skills early on, creating a foundation for a lifelong appreciation of music. Overall, the inclusion of a school band and musical instruments in the primary wing contributes to a holistic and enriching educational experience.
